

Yukon First Nations Tax

YT432
T1 General – 2015

The Government of Canada and the Government of Yukon have concluded personal income tax administration agreements with many self-governing Yukon First Nations. The agreements provide that both the Government of Canada and the Government of Yukon will share the field of personal income tax with self-governing Yukon First Nations. They also provide for the co-ordination of the Personal *Income Tax Act of the Self-Governing Yukon First Nation* with the federal *Income Tax Act* and with the Yukon *Income Tax Act*. This co-ordination is done through the income tax and benefit return of individuals residing within the settlement lands of the self-governing First Nations. The transferred amount is referred to as "Yukon First Nations Tax." Yukon First Nations tax consists of a **federal abatement** and a Yukon First Nations income **tax credit**.

All individuals who reside within the settlement land of a self-governing Yukon First Nation, including those who are not citizens of a self-governing Yukon First Nation, have to identify themselves as residents of the settlement land of the particular self-governing Yukon First Nation. A citizen is determined in accordance with the constitution of the self-governing Yukon First Nation.

Did you reside within one of the following self-governing Yukon First Nation settlement lands at the end of the year?
