## Tax-Exempt Earned Income and Contributions for a Pooled **Registered Pension Plan**

Starting in 2013, for the purpose of contributing to a pooled registered pension plan (PRPP), the Income Tax Act allows tax-exempt earned income by an Indian (as defined by the Indian Act) to be included in the calculation of his or her non-deductible PRPP limit for the year.

Complete this form and attach it to your return if you have contributed to a PRPP with earned income that is tax exempt or if you are an Indian (as defined by the Indian Act) and you have earned income that is tax exempt. This will allow the Canada Revenue Agency to track your contributions, their use, and to calculate your non-deductible PRPP room on your tax-exempt earned income for the 2015 tax year.

For a complete description of the guidelines and examples where income is tax-exempt and where it is taxable, go to www.cra.gc.ca/aboriginalpeoples. Note: gross tax-exempt employment earnings are reported in box 71 of the T4 slip, and gross tax-exempt self-employment earnings are reported in box 88 of the T4 slip. You may have other tax-exempt income that is not included on an information slip.

For more information about PRPPs, go to www.cra.gc.ca/prpp.

For more information about earned income, see Guide T4040, RRSPs and Other Registered Plans for Retirement.
