Canada Revenue Agence du revenu Agency du Canada

Joint Election to Split Pension Income for 2014

Protected B when completed

Canac

Complete this form if you (the pensioner) are electing to split your eligible pension income with your spouse or common-law partner (the pension transferee) and if all of the following conditions are met:

- You and your spouse or common-law partner were not, because of a breakdown in your marriage or common-law partnership, living separate and apart from each other at the end of the year and for a period of 90 days or more beginning in the year.
- You and your spouse or common-law partner were residents of Canada on December 31, 2014 (or on the date of death).
- You received pension income in the tax year that qualifies for the pension income amount (see line 314 in the General Income Tax and Benefit Guide) or you were 65 years of age or older and received certain qualifying amounts distributed from a retirement compensation arrangement (Box 17 of your T4A-RCA slips, Statement of Distributions from a Retirement Compensation Arrangement (RCA)).

Only one joint election can be made for a tax year. If both you and your spouse or common-law partner have eligible pension income, you will have to decide which one of you will act as the pensioner and elect to allocate part of their eligible pension income to his or her spouse or common-law partner (the pension transferee). This form is to be filed by your filing due date for the year. For more information on filing due dates, see the General Income Tax and Benefit Guide.

Under certain circumstances, we may allow you to make a late or amended election, or revoke an original election. For more information, contact us.

If you are filing electronically, keep this form in case we ask to see it. If you are filing a paper return, this form **must** be completed, signed and copies attached to both your and your spouse's or common-law partner's returns. The information on the forms must be the same.
