## Instructions

All legislative references on this sheet refer to the *Income Tax Act* (the Act).

### Do you have to file this return?

Form T1134, *Information Return Relating to Controlled and Not-Controlled Foreign Affiliates*, must be filed annually by:

- a taxpayer resident in Canada (other than a taxpayer all of whose taxable income for the year is exempt from tax under Part I of the Act) for which a non-resident corporation or trust is a foreign affiliate (FA) or a controlled foreign affiliate (CFA) **at any time in the year**; and
- a partnership where:
  - the share of the income or loss of the partnership for the year of non-resident members is less than 90% of the income or loss of the partnership for the year; and
  - a non-resident corporation or trust would be a FA or CFA of the partnership **at any time in the year** if the partnership were a person resident in Canada.

#### Note:

A trust deemed under paragraph 94(1)(c) of the Act to be resident in Canada for purposes of Part I (i.e., a non-resident discretionary trust) is also deemed to be so resident for the purpose of filing this return.

This return is to be filed by a reporting entity only in respect of a foreign affiliate in which the reporting entity or a controlled foreign affiliate of the entity has a direct equity percentage at any time in the reporting entity's taxation year.

Do not file Form T1134 if the total cost amount to the reporting person at any time in the year of the interest in all foreign affiliates was less than \$100,000 **AND** the foreign affiliate is "dormant" or "inactive" for the affiliate's taxation year ending in your taxation year. For purposes of completing Form T1134, a dormant or inactive foreign affiliate means, for a taxation year of the affiliate, one that:

- had gross receipts (including proceeds from the disposition of property) of less than \$25,000 in the year; and
- at no time in the year had assets with a total fair market value of more than \$1,000,000;

For the purpose of completing Form T1134, the definition of **gross receipts** refers to any receipt received in the year, and not just income amounts. This would include all non-revenue receipts, such as loans, etc. The purpose of the test is meant to indicate the level of activity in the foreign affiliate.

For **short taxation years** (e.g. where there is a deemed year-end due to a change in control), reporting for more than one fiscal period (not exceeding the normal 12-month or 53-week period) is sufficient if the information that would otherwise be reported for the short taxation year is included on the T1134 returns that are filed.

As an individual (other than a trust) you do **not** have to file Form T1134 for the year in which you **first become a resident** of Canada. Section 233.7 exempts an individual (other than a trust) from the requirement to file T1134 if the individual first became resident in Canada in the year. The expression "first became resident" in section 233.7 does not include a situation where a former resident of Canada again becomes resident of Canada at a later date. An individual who has already been a resident of Canada during a prior year, whether he or she was a factual resident of Canada or a deemed resident of Canada at that time, may not take advantage of the exception provided in section 233.7 when he or she again becomes resident in Canada during a year. A "returning" resident could immediately be subject to the reporting requirements of section 233.4.

#### Note:

In determining whether a non-resident corporation is a foreign affiliate of a taxpayer resident in Canada or of a partnership for purposes of these reporting requirements, the following rules apply:

- the reference to "any corporation" in paragraph (b) of the definition of "equity percentage" in subsection 95(4) of the Act should be read as if it were a reference to "any corporation other than a corporation resident in Canada";
- the definitions "direct equity percentage" and "equity percentage" in subsection 95(4) of the Act should be read as if a partnership were a person; and
- the definitions "controlled foreign affiliate" and "foreign affiliate" in subsection 95(1) of the Act should be read as if a partnership were a taxpayer resident in Canada.

Only the lowest tier subsidiary in a group of Canadian corporations under common control has to report for its foreign affiliate. However, if another corporation in the Canadian group has a direct equity percentage in the foreign affiliate; it too is required to report on that foreign affiliate.

If a foreign affiliate is owned indirectly by a partnership through a Canadian corporation(s), only the lowest tier Canadian corporation reports for the foreign affiliate. However, if a member of the partnership also has a direct equity percentage in the foreign affiliate, it too is required to report on the foreign affiliate.

### Due date for filing this return

Form T1134 is due within 15 months after the end of your taxation year.

### Foreign currency conversion

Report monetary values in Canadian dollars except where an election has been made under paragraph 261(3)(b) of the Act to use a functional currency (if the election to use the functional currency is made, the currency code must be indicated on the top of page 1 of the T1134 Summary). The accepted codes for functional currencies are as follows:

AUD – For Australian dollar  
USD – For U. S. dollar  
GBP – For U.K. pound  
EUR – For Euro

Where a monetary value is not stated in Canadian dollars or the elected functional currency (i.e.: it is an amount obtained from the Foreign affiliate's financial information), the currency code in which the value is reported must be indicated in the space provided.

A nil amount should be reported by indicating "0" (zero) in the "amount" field rather than leaving the field empty.

For a list of currency codes, see the CRA publication T4061 entitled *NR4 – Non-Resident Tax Withholding, Remitting and Reporting Guide*, Appendix D – Currency Codes, at: [www.cra-arc.gc.ca/E/pub/tg/t4061-t4061-e.html](http://www.cra-arc.gc.ca/E/pub/tg/t4061/t4061-e.html).

When converting amounts into Canadian dollars from a foreign currency, you should use the exchange rate in effect at the time of the transaction (e.g., the time the income was received). If income is received throughout the year, we will accept an average rate for the year.

Where you are required to provide an amount at the beginning or at the end of the year, you may use the exchange rate in effect at the relevant time.
