

Complete this form to calculate your Nova Scotia equity tax credit. This credit can be used to reduce your Nova Scotia tax payable.

You can claim this credit for investments in eligible shares you acquired in 2015 (that you did not claim on your 2014 return) or in the first 60 days of 2016. You can carry unused credits forward for seven years or back three years. For 2010 and subsequent tax years, the maximum credit you can claim is \$17,500 per tax year including any unused amounts from other years.

If you are filing electronically, keep a copy of the documents for your records in case we ask to see them at a later date. If you are filing a paper return, **attach a copy** of your NSETC-1 receipt(s) to this form and include it with your return.
