

Election to Deem Amount of Settlement of a Debt or Obligation on the Winding-Up of a Subsidiary

- The sections, subsections, and paragraphs referred to on this form are from the *Income Tax Act*.
 - A parent corporation can use this form to elect under subsection 80.01(4) where:
 - subsection 88(1) applies on the winding-up of a subsidiary corporation; and
 - a debt or other obligation of the subsidiary to the parent, or of the parent to the subsidiary, is settled as a consequence of the winding-up without any payment or by the payment of an amount that is less than both the principal amount* and the cost amount** of the debt or other obligation.
 - When the election is made, the debt is deemed to have been settled by payment of an amount equal to the cost amount to the parent or the subsidiary, as the case may be.
 - The parent corporation has to mail one completed copy of this election separately from any other tax return to its tax centre on or before the day it is required to file a T2 corporation income tax return for the year in which the debt was settled.
- Find your tax centre address by going to www.cra.gc.ca/tso.

- Under paragraph 80.01(4)(d) when a subsidiary's debt is settled on a distribution of property in the course of winding-up in circumstances to which paragraphs 88(1)(a) or (b) apply, the debt is deemed to have been settled immediately before the time that is immediately before the time of the distribution. This rule ensures that there is an appropriate reduction under section 80 in the cost amount of distributed property.
- This election allows the parent to reduce the amount to which subsection 80(1) might otherwise apply in cases where the amount paid for the debt on winding-up is less than the cost amount**. For more information, see current versions of Interpretation Bulletins IT-126 and IT-142.
