Minimum Tax

- If a trust is subject to minimum tax, include a completed copy of this schedule with the trust's return.
- Use this schedule to calculate a trust's minimum tax and minimum tax carryover.
- See page 4 for a list of trusts not subject to minimum tax.
- For information on how to complete this schedule, see the instructions on pages 4 and 5.
- To calculate provincial or territorial minimum tax, see pages 5 and 6.

Is the trust subject to minimum tax?

The following types of trusts are **not** subject to minimum tax:

- a spousal or common-law partner trust, a joint spousal or common-law partner trust, or an alter ego trust if it reports
 in the year its first deemed disposition on Form T1055, Summary of Deemed Dispositions (2002 and later tax years); or
- if the trust was throughout the tax year:
 - a mutual fund trust;
 - a related segregated fund trust;
 - a master trust: or
 - an employee life and health trust.

A trust, other than a type listed above, may have to pay minimum tax for the year if it:

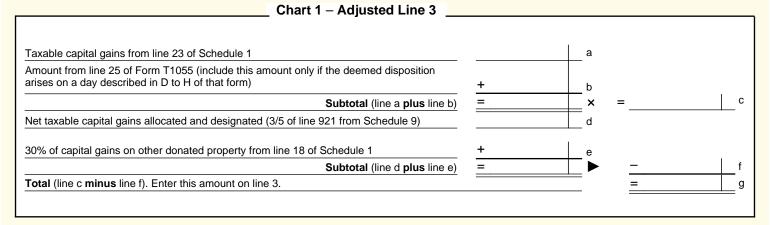

- reports taxable capital gains (line 01 of the return);
- reports taxable dividends (line 03 of the return);
- claims a loss resulting from, or increased by, resource expenditures, or claims resource and depletion allowances on resource properties (line 06 or line 19 of the return);
- makes an election on pension benefits under ITAR 40 (line 02 of the return and line 22 of Schedule 11);
- claims a loss resulting from, or increased by, capital cost allowance (CCA) or carrying charges claimed on a rental or leasing property (line 09 of the return), or certified films or videotapes (line 06 of the return);
- has certain losses that limited partners, specified members of a partnership, or partners of a registered tax shelter deduct for their partnership interest (for this purpose, losses allocated from a partnership are applied against gains from the same partnership source);
- has losses from an investment in a registered tax shelter; or
- has carrying charges for interests in limited partnerships, tax shelters, rental or leasing properties, or film or resource properties, that increase or create a loss from these sources.

Note

Net income from rental, leasing, and film property includes income from these investments (before CCA and related carrying charges) **plus** any net taxable capital gains from the disposition of these investments **minus** any losses from these investments (before CCA and related carrying charges). You also have to subtract allocated partnership losses from gains from the same partnership source.

Line 3 - Non-taxable part of capital gains kept in the trust

This amount usually equals three-fifths of the taxable capital gains kept in the trust after the allocation and designation of net taxable capital gains to beneficiaries. **Do not** include taxable capital gains from mortgage foreclosures and conditional sales repossessions. Tax-free savings account trusts should not include an amount on line 3. Only the taxable part of a capital gain from the donation or gift of property is included in the base for determining minimum tax. If the trust reports a capital gain from donated property, you have to make an adjustment for the non-taxable part of capital gains as well. To make the adjustment, use the following chart. If you have completed Form T1055, you should also use the following chart to make the adjustment.

Lines 24A and 24B - Adjusted non-capital losses of other years used in the current year

If the trust claimed non-capital losses of other years, you may have to reduce the non-capital losses for minimum tax purposes. This reduction is any part of the non-capital losses attributable to:

- capital cost allowance or carrying charges claimed on:
 - rental or leasing property; or
 - films certified by the Canadian Audio-Visual Certification Office (CAVCO);
- · resource expenditures; or
- resource and depletion allowances.

For minimum tax purposes, a non-capital loss that is carried forward is calculated according to the minimum tax rules in effect for the year in which the loss was incurred.

Enter the reduction on line 24A or 24B.

For more information, see "Schedule 12 - Minimum Tax" in Guide T4013, T3 Trust Guide.

Line 26 - Net capital losses of other years deducted in the current year

You may have claimed a capital loss from previous years on line 52 of the return. If this is the case, you will have to adjust the trust's income for minimum tax purposes. On line 26A, enter the net capital losses of other tax years that you claimed in the current year on line 52 of the return. **Do not** include capital losses on mortgage foreclosures and conditional sales repossessions. Tax-free savings account trusts should not include an amount on line 26.

If the amount on line 52 of the return is less than the capital gains remaining in the trust after allocation to beneficiaries, **and** the trust has additional unapplied losses of other years, you may be able to increase the amount on line 26A. Call **1-800-959-8281** for details.

Line 28 – Basic exemption

We allow a basic exemption of \$40,000 to **testamentary** and **grandfathered** inter vivos trusts. Allocate the \$40,000 basic exemption among the trusts if more than one qualifying trust is formed from contributions by the same individual. To allocate the basic exemption, complete Schedule 6, *Trusts' Agreement to Allocate the Basic Exemption from Minimum Tax*. On line 28, enter the basic exemption, or the trust's allocated amount of the exemption from Schedule 6. For a definition of testamentary and grandfathered inter vivos trusts, see Guide T4013, *T3 Trust Guide*.

Notes

For all other inter vivos trusts, enter "0" on line 28 of this schedule.

For tax years that begin after 2015, grandfathered inter vivos trusts, trusts created by will, and certain estates will no longer benefit from the \$40,000 basic exemption from minimum tax. The basic exemption will apply to a graduated rate estate. For more information, see Guide T4013, *T3 Trust Guide*.

Part 5 – Calculating federal tax payable (minimum tax)

Line 56 - Refundable Quebec abatement

For information, see the instructions for line 45 of Schedule 11 in the T3 Trust Guide.

Part 6 – Calculating this year's additional taxes paid for minimum tax carryover Lines 57 to 67

Use Part 6 to calculate the amount of any additional minimum tax payable by the trust for this year that you can carry over to a future year. You may be able to deduct this amount from the trust's regular tax liability on line 30 of Schedule 11 in future years. You can claim a carryforward for a period of seven years.

Part 7 – Calculating the total minimum tax carryover Lines 68 to 77

Use Part 7 to calculate the minimum tax carryover from previous years that you can claim on Schedule 11 in this year. You can carry over minimum tax from the seven previous tax years. It is in the trust's best interests to apply the oldest available carryover first. For example, apply any carryover from 2009 before any carryover from 2010. Also use Part 7 to calculate the total minimum tax carryover, if any, that can be carried forward to later years.

Provincial and territorial minimum tax payable

Use Chart 3, Calculating Provincial and Territorial Minimum Tax, on the next page, to calculate the trust's provincial and territorial minimum tax payable.
